Sir:

It has come to our attention that the petition to correct inventorship which was filed on July 21, 2004, during prosecution of this patent application, was never decided. Because the petition was not decided, the above referenced patent has issued with the wrong inventors listed thereon. Accordingly, Applicant requests a certificate of correction pursuant to 37 CFR 1.324 to correct inventorship.

As noted in the petition filed during prosecution, this application was originally filed in the names of joint inventors Clement Hiel and George Korzeniowski. The originally named inventors subsequently discovered that additional inventors David C. Bryant should have been joined, who was omitted by error and without deceptive intent, and that inventor Clement Hiel should not have been joined, who was joined by error and without deceptive intent. The inventors for this application should be listed as George Korzeniowski and David C. Bryant.

Submitted herewith are: (1) a copy of the petition as filed during prosecution; and (2) the form requesting a certificate of correction. Applicant further submits that no fee should be required because a fee was paid with submission of the petition to correct inventorship. Should a fee be required in this case, the Commissioner is hereby authorized to charge any fees under 37 CFR 1.16 and 1.17 which may be required by the paper to Deposit Acct. No. 503319. Please show our docket number with any charge or credit to our Deposit Account.
